# BRUTUS

# SCARLETFACE

In the winter of 2003,  
the lights burned bright in the desert,  
and college football watched an empire  
defend its throne.

Miami came with swagger and speed.  
They came as kings.

One program came with something else.  
Grit. Patience. And a refusal to bow.

That was the moment the dynasty broke.  
The illusion faded.  
The U was never the same.

He was Brutus Buckeye.  
And the college football world would  
remember him by another name...  
**SCARLETFACE.**
